HOW TO REGISTER TO SAM DATABASE  
(System for Award Management)

It is mandatory for all companies doing business with the U.S. Government valued over $30,000 to register on a website called “SAM – System for Award Management” at www.sam.gov. The website compiles standard information such as company legal name, street address, contact information, and what kind of goods and services it offers.

To register in SAM, a Unique Entity ID (replacing Duns number) and a NCAGE code are required. If you do not have this information, it will have to be obtained before registering. There is no cost involved, neither in obtaining the numbers, nor registering in SAM.

Interested parties are strongly encouraged to register their business as soon as possible to avoid any delay in making an award to the successful bidder. When correct information is provided, the total registration process takes approximately 1 to 3 months.

INSTRUCTIONS:

For detailed instructions on Unique Entity ID and SAM registrations, go to the below website:

SAM.gov | Entity Registrations
Quick Guide for International Registrations

Instructions on how to register to SAM are as follows:

- Vendors needing to register in SAM will need to get their Unique Entity ID from SAM.gov, and their NATO Commercial and Government Entity (NCAGE) code from NATO, before they can complete their SAM registrations.

- The Legal Business Name and address provided for the Unique Entity ID, the NCAGE code and for SAM must be the exact same (including capitalization, spelling, punctuation, abbreviations, spacing, etc.). To make sure that it is the same information in each website, keep a record of the filled in information so you can copy it to each website. Applying for both at the same time makes it much easier to ensure that the information provided to both systems is identical. The most common mistake which results in delays in registration is when the information placed in each website do not match, and is difficult to correct after the fact.
**UNIQUE ENTITY ID:**

1. To obtain a Unique Entity ID, go to [SAM.gov | Entity Registrations](https://sam.gov) and click “Get Started”. After you select your purpose of the registration (All Awards) and your entity type, you will enter your business information to get a Unique Entity ID.

**NCAGE CODE:**

1. Obtain an NCAGE Code by filling in your vendor information through [Request New NCAGE code (nato.int)](https://nato.int). Click “Request New” to start your registration.

2. U.S. Embassy does not affiliate with any consultancy company for registration.

3. For your questions you may visit Turkey’s NATO NCage contact office at [https://www.turkiye.gov.tr/msb-ncage-tahsisi](https://www.turkiye.gov.tr/msb-ncage-tahsisi) or contact via their phone number 1-877-352-2255.

4. Your registration to NCAGE may take less than a week or up to few weeks. To follow up the status of your registration please visit the customer support website [Customer Support (dla.mil)](https://dla.mil).

5. After your NCAGE registration is approved, it should be transferred automatically to US NCage database ISC in short time. You may check its status through [Commercial and Government Entity Program (dla.mil)](https://dla.mil). In case of any delay, please email at [dlacontactcenter@dla.mil](mailto:dlacontactcenter@dla.mil) to have it expedite.

**SAM’s REGISTRATION:**
